

History of Hettich

Since 1888 the Hettich family have been developing hardware products for the furniture industry. From humble beginnings in the Black Forest in Germany, Karl Hettich developed innovative components for cuckoo clocks.

By 1930 the Hettich family had set up a production system for furniture fittings in East Westphalia – the centre of the German furniture industry. Today, 125 years later, Hettich is still a family owned business and has become an industry leader with a worldwide reputation.

Hettich WorldWide

Hettich is one of the world's largest manufacturers of high quality furniture fittings, with over 6000 employees in more than 100 countries across the globe.

Hettich Brand Values

Quality: Hettich prides itself on delivering the highest level of quality products and service. This makes Hettich a world leader in the furniture fittings industry.

Innovation: constantly striving to be at the leading edge of the best in furniture fittings, Hettich creates innovative ways of providing exceptional service and product solutions to customers and consumers.

Closeness to customers: Hettich believes it stands out from the pack by being the best at dealing with and relating to its customers. With Hettich, customers deal directly with the manufacturer adding to a successful business partnership.

Reliability: without all of the above, reliability is nothing. Hettich combines quality, innovation and closeness to customers to ensure that the brand delivers reliability at every turn, generates success for customers, and the enjoyment of Hettich products by consumers.

Environmental

Since 1997 Hettich have been committed to sustainable resource management backed up by the top environmental certification in Europe. As a family owned business Hettich believes in building a long term future for the business and its employees.

Lifetime Warranty

Hettich believes in providing top quality, German designed and made products that will last. Therefore Hettich drawer and hinge systems are backed by a Lifetime Warranty.
